

JOB SUMMARY:

Canada Nickel Company Inc. (CNC) is advancing the next generation of nickel-sulphide projects to deliver nickel required to feed the high growth electric vehicle and stainless steel markets. Canada Nickel Company has applied in multiple jurisdictions to trademark the terms NetZero Nickel™, NetZero Cobalt™, NetZero Iron™ and is pursuing the development of processes to allow the production of net zero carbon nickel, cobalt, and iron products. Canada Nickel is currently anchored by its 100% owned flagship Crawford Nickel Project in the heart of the prolific Timmins-Cochrane mining camp. For more information, please visit www.canadanickel.com.

CNC is seeking an **Environmental Technician** to join our team. Reporting to the Field Operations Superintendent the Environmental Technician is primarily responsible for supporting environmental initiatives related to the Crawford Project, though the applicant will be expected to support CNC in its other ventures.

This position is based out of the Exploration office located at 170 Jaguar Drive in Timmins, Ontario, and will require frequent regional travel. This position will require the individual to work independently.

JOB RESPONSIBILITIES:

- Conduct environmental monitoring (water quality, air, etc.) and data collection.
 - Ensure compliance with environmental regulations and permits.
 - Support Environmental Management System (EMS) implementation.
 - Contribute to emergency response planning for environmental incidents
-

QUALIFICATIONS:

- Diploma or degree in Environmental Management/Science, Environmental Engineering, or related field.
 - Experience in environmental data collection, preferably in mining or similar industry.
 - Proficiency with off-road vehicles (ATV/UTV, Argo, Sherp, boat).
 - Ability to read maps, use GPS, and navigate in the field.
 - Knowledge of environmental regulations and standards.
 - Strong communication skills and proficiency in Microsoft Office; experience with environmental software a plus.
 - Valid Class "G" Driver's License; Pleasure Craft Operator's License would be considered an asset.
 - Willingness to work outdoors in varying weather conditions and travel to remote locations.
-

BENEFITS:

- Competitive salary and benefits package.
- Opportunities for professional development and career growth.
- Positive and inclusive work environment focused on sustainability.

APPLICATION PROCESS:

To apply, please submit your resume and cover letter outlining your qualifications and interest in the Environmental Technician position to HR@canadanickel.com. Deadline for applications is July 31st, 2024.

At Canada Nickel Company, we are committed to fostering an inclusive, accessible environment, where all employees and customers feel valued, respected and supported. If you require accommodation for the recruitment/interview process (including alternating formats of materials, or accessible meeting rooms or other accommodation), please let us know and we will work with your needs.

While Canada Nickel encourages all qualified candidates to apply and thanks you for your interest, only those candidates selected will be contacted by a member of our Human Resources Department to schedule an interview.
