

## **SAMPLE RECEIVING TECHNICIAN**

**Work Location:** Timmins, ON

**Reference Number:** 2025-008

**Position Type:** Full-time

**Work Schedule:** 5-5-4, 12-hour shifts

**Compensation:** Hourly, based on experience and qualifications.

### **COMPANY OVERVIEW**

Northern Sun Mining is a reputable mining company located 25 km southeast of Timmins, Ontario, where it owns and operates the Redstone concentrator. For almost a decade, Northern Sun Mining has been providing custom milling services to various mining communities, demonstrating exceptional recoveries of gold and platinum group metals.

To learn more about Northern Sun Mining, visit our website at [www.northernsunmining.ca](http://www.northernsunmining.ca).

### **ABOUT THE OPPORTUNITY**

Northern Sun Mining currently has an exciting opportunity for a Sample Receiving Technician to join our Metallurgical department. Reporting to the Lab Supervisor, the ideal candidate will be responsible for directing incoming ore trucks and executing sample procedures while ensuring accurate documentation and adherence to safety and quality standards. Please note that this is not a camp-based position.

### **DUTIES AND RESPONSIBILITIES**

- Assist incoming trucks in locating truck scale.
- Weigh incoming ore deliveries.
- Efficiently organize trucks for unloading in the designated dumping area.
- Collect representative samples from deliveries.
- Accurately enter truck and shipment information into computer database.
- Ensure sample integrity is maintained according to established procedures.
- Assist laboratory personnel with drying samples to determine moisture content and/or preparation and analysis of samples as needed.
- Proficiently operate a two-way radio when required.
- Maintain a clean and safe work area.
- Work in compliance with prescribed company policies and procedures.
- Be proactive with company safety initiatives.
- Additional tasks as assigned by the Lab Supervisor and/or Engineering personnel.

## **QUALIFICATIONS**

- High school diploma; post-secondary education in Chemical Engineering Technology or Metallurgical Engineering Technology or equivalent relevant work experience is an asset.
- Previous experience in an industrial environment is highly regarded.
- Basic Mill Process Operator Common Core is an asset.
- Valid driver's license.
- Capable of performing physical tasks.
- Sound understanding of sampling procedures, quality control standards, and safety protocols.

## **BENEFITS**

In addition to a competitive compensation package, we also offer:

- Comprehensive drug coverage and extended health care benefits
- Dental insurance
- Group life insurance
- Long-term disability coverage
- Competitive paid vacation entitlements
- Group retirement savings plan with company match
- Opportunities for career advancement and professional development

## **HOW TO APPLY**

If you are a dedicated and highly motivated individual seeking to join a dynamic team, we encourage you to submit your resume detailing your relevant experience to [contact@northernsunmining.ca](mailto:contact@northernsunmining.ca). Please include reference number "2025-008" in the subject line.

Note: Only shortlisted candidates will be contacted for interviews. We appreciate all applicants for their interest in our company.

Northern Sun Mining Corp. is an equal opportunity employer. We are committed to providing an environment of mutual respect and we believe that diversity and inclusion among our team members is critical to our success. Wherever possible, accommodation is made for qualified applicants with self-declared disabilities. We are committed to creating an inclusive environment for all employees and all aspects of employment including the decision to hire or promote will be based on merit, competence, performance, and business requirements.
