WHAT DOES AGNICO EAGLE VALUE?

At Agnico Eagle, our values never waver. We believe in trust, respect, equity, family and responsibility. Why? Because they express who we are, and they have helped us succeed in business for over 60 years. We value **you** – your unique set of skills and experience. We value your willingness to build those skills and make a meaningful contribution to our company. And, we value your commitment to treat every person on our team with respect, helping us to operate safely, protect the environment and make a positive contribution to our local communities.

ABOUT OUR OPERATION

Want to learn more about the Macassa Mine? [Click here!](#)

Agnico Eagle Mines' Macassa Mine is situated on the traditional homelands of the Apatipi Anicinapek Nation and Matachewan First Nation. In honoring our relationships with and commitments to our Partner Nations, Agnico Eagle prioritizes the hiring of Members from these Nations. To support this commitment, members from these Nations seeking employment opportunities at the Macassa Mine are encouraged to self-identify during the job application process. This ensures that we can consider your application appropriately in line with our dedication to supporting our Partner Nations.

In compliance with the Accessibility for Ontarians with Disabilities Act, Agnico Eagle Mining (AEM) is committed to providing accommodation for people with disabilities. Accommodation is available, upon request, for candidates participating in the recruitment process.

YOUR NEXT CHALLENGE:

Reporting to the Coreshack Supervisor, you will be part of the Production Geology Department. You will be responsible for processing and sampling/cutting diamond drill core. You will also ensure that goals and objectives are achieved while promoting and respecting Agnico Eagle's values, Health & Safety Code of Conduct, and the environment.

- Pickup drill core from headframe/drill site, open boxes and arrange in order;
- Checking for block footage error and proper labelling;
- Cut/Bag core as per training procedure including QA/QC samples;
- Complete lab analysis forms and deliver to various labs;
- Palletize/dump logged and sampled core boxes;

- Maintain good housekeeping at all times, ensure proper PPE and tools are used for all tasks;
- Operate forklift as per proper training, moving core skids with core or samples and other materials;
- Take part in storing pulps and rejects as required;
- Assist geologists as required.

WHAT YOU NEED TO SUCCEED

- Minimum Grade 12 Diploma or GED;
- Valid Driver's License;
- Previous experience involved with handling and cutting drill core in a mine or exploration setting;
- Good communication skills, literacy and numeracy skills;
- Self-starter with the ability to manage repetitive tasks with minimal supervision;
- Physically fit with ability to lift upwards of 55 lbs;
- Proven commitment to safety, health and environmental best practice;
- Excellent working knowledge of all Microsoft Office Suite applications especially Outlook, Excel, Word & PowerPoint.

Your Work Schedule:

- Schedule: 7/7 schedule at our Macassa Mine in Kirkland Lake, ON.
